

Talking about teeth

Social Media Kit

For Facebook

To celebrate our teeth – and the great jobs they do, Dental Health Services Victoria has created this Talking about teeth social media kit full of great images, tips and activities ready for you to share via Facebook.

To share bitesize messages with families and help fight tooth decay:

1. Choose a post, 'cut and paste' text

2. Click on this  'symbol' to download a high-quality image

*where you see this  symbol, we have linked to a YouTube video.

When you share the link on Facebook, it will automatically bring up a preview image.

3. and share!

The images are available to download here www.dhsv.org.au/oral-health-programs/social-media-kit

Dental Health Week (August) is the perfect opportunity to share – don't forget World Oral Health Day, World Cavity Free Futures Day and World Smile Day.

You can use these bitesize posts all year round!

- | | | |
|--|---|---|
| • National Playgroup Week
(March) | • National Families Week
(May) | • World Cavity Free Futures Day
(October) |
| • World Oral Health Day
(March) | • Dental Health Week
(August) | • World Smile Day
(October) |
| • International Children's Day
(April) | • National Nutrition Week
(October) | • Universal Children's Day
(November) |
| • National Smile Day
(April/May) | • Children's Week
(October) | |
